

The Omega 200 is specifically designed for businesses that use multiple tills - to save time counting and reconciling cash and other payment types.

Functions

- Counts loose, bagged and rolled coins
- Counts loose bills
- Counts coupons, vouchers and tokens
- Onboard memory stores data for up to 50 tills
- Counts from float / start bank (fully editable)
- Counts the contents of your safe

Benefits

- Saves you valuable time, allowing you more time with your customers
- Significantly reduces the likelihood of costly counting mistakes
- Allows you to conduct instant spot checks
- Allows you to save data direct to your PC

The Facts

- Counts the entire contents of a typical cash register in just **1 minute**
- Counts, on average, **6 times** faster than traditional hand counts
- Highly accurate and easy to use
- Counts 500 coins in 0.2 seconds and 300 bills in 5 seconds
- Counts silently and with no moving parts
- Embedded intelligence - the Omega 200 is constantly learning
- Counts coupons, vouchers and tokens by weight
- Stores multiple till ID's
- Stores multiple operator ID's

Features

- Full numeric keypad
- Fully portable 8 hour rechargeable battery and mains supply
- Fast charge battery
- Space saving design preserves desk space
- Easy to read display
- Printer port - allows you to print a full breakdown in seconds
- PC port - allows you to transfer data to your PC - ideal for audit trails
- Real time clock - ideal for audit trails and spot checks
- Pull / lift option
- Limited programmability

The Omega 200 assists multi till businesses with an invaluable, easy to use tool. Cash up, prepare floats and banking, count safes and reconcile takings in a fraction of the time.

What our customers say

Cashmaster proudly serve over 100,000 customers worldwide, from some of the largest multinationals to single store operations. Here is what just a few of them think...

"Cashmaster have allowed us to release an extreme amount of extra time, especially at key periods in the morning and evening, allowing us to get on with our work. We would definitely recommend their products to all"

H&M

"Cashmaster helped us select the most appropriate product for our needs, they understood us well and fulfilled all our cashing needs"

Intermarché

"We are replacing our previous counting solution with state of the art technology from Cashmaster"

McDonalds

About Cashmaster

Established in 1977, our organisation has been involved in electronic cash counting systems since 1987. Cashmaster specialise in providing cash intensive businesses with a means of counting and reconciling cash more efficiently. Sectors such as banking, retail and leisure each benefit from using Cashmaster products to reduce time spent counting cash, whilst taking advantage of advanced reconciliation, resulting in loss prevention. Cashmaster offer a five product range to suit all levels of users, from single till operations to multinational stores who operate multiple tills per store.
